## INTEK FenderBrite

### INTEK's FenderBrite

is the safe yet effective way to remove oil, grease and grime from boat fenders, cables, and all other rubber, vinyl and plastics commonly found around harbors, docks, marinas and maintenance facilities. **FENDERBRITE** removes dockside grunge without leaving the cleaned surfaces soft or tacky.

**FENDERBRITE** is nonhazardous and biodegradable, virtually eliminating health and safety risks to both the worker and the environment.

**FENDERBRITE** removes stubborn stains, disperses dirt and grit and brightens surfaces in a single step.

**FENDERBRITE** is a biodegradable, nonflammable liquid concentrate that mixes readily with tap water. Simply spray or wipe on, then brush lightly, wait briefly, and rinse off.

**FENDERBRITE** offers vessel owners and operators great savings by maintaining the appearance and extending the life of costly yachting accessories such as fenders, shore power cables, ventilation scuppers, hatches, rub rails and more.

See **FENDERBRITE** Application Guide for suggestions and Instructions.

**FENDERBRITE** is packaged in 1 gallon containers, 1 quart bottles, and 16 ounce bottles.

### FENDERBRITE BENEFITS

- Safe for application on most natural and synthetic rubber, plastic, vinyl and nonmetallic components.
- Safe for the environment:
  - Biodegradable Nonpolluting
  - Nonflammable
  - Noncorrosive to metals
  - Low volatility
  - Dilute with ordinary tapwater
  - Free rinsing
  - High solvency power
  - Non ozone-depleting
  - Easy to apply and remove
- **Concentrated:**

**Mix 1 part FenderBrite to 3 parts Water**

**16oz makes One Half Gallon**

**One Quart makes One Gallon**

**One Gallon makes Four Gallons**
