- ECONOMICAL

INTEK-TRANSCLEAN

is an effective, light foaming, powerwasher cleaner and oil emulsifier concentrate that safely removes dirt, grime, oil, by-products of combustion and the contaminants they entrap, without attacking metal, paint, overcoating, or most synthetics.

TRANSCLEAN is aqueous based and mildly alkaline. It rapidly loosens and disperses entrapped contaminants, thereby preventing their redeposition and enabling them to be easily powerwashed or wiped away.

TRANSCLEAN effectively removes dirt, grime, road film, gasoline and diesel fuels, machine oils and miscellaneous dirt, from truck and heavy equipment external surfaces, such as:

- Fuel Oil Tank Trucks
- Gasoline Tank Trucks
- Hydrocarbon Tankers
- Tractors & Trailers
- Delivery Trucks
- Panel & Pick-up Trucks
- Earth Movers
- Chains & Cables
- Generators
- Glass & Plastic
- Tools
- Equipment

TRANSCLEAN is shipped as a concentrate and used at 1% (99:1 dilution with ordinary tap water). This offers substantial savings by eliminating the unnecessary packaging and shipping of water associated with most pre-diluted aqueous products and by eliminating unnecessary container disposal costs.

PHYSICAL & CHEMICAL PROPERTIES

Specific Gravity (at 75°F).....	1.04 ± 0.05
pH of Concentrate (at 75°F).....	8.5 ± 1.0
Boiling Point (10% solution).....	212°F
Evaporation Rate (Water=1).....	1
Appearance.....	Blue Liquid, Slightly Cloudy
Volatile by Vol.	<93%
Solubility in Water.....	Completely Miscible

INTEK-TRANSCLEAN

BENEFITS

- **Safe for personnel:** Aqueous based, Mildly alkaline, Noncaustic, Nonflammable
- **Safe for equipment:** Noncorrosive, Nonfoaming
- **Safe for the environment:** No Bioaccumulation, Biodegradable
- **Strong enough to remove difficult oils, yet safe to use**
- **One-step cleaning: quickly removes oils, films and grime, at ambient temperature**
- **Economical and convenient**
- **Free rinsing:** Does not leave a residue
- **Minimal evaporation loss**
- **Not a fire hazard (nonflammable)**
- **Environmentally safe**
- **Effective with a variety of application methods including commercial truck washers, pressure washing, scrubbing**
- **Compatible with most surfaces**
- **Dilute to 1% with ordinary tap water**
- **Discharge of uncontaminated product is acceptable at most sewage treatment plants**
